

The History of Gardening part 1

Friday, 14th May 2021 at 10.30 on Zoom

Dr David Marsh, our speaker for this 4-lecture course, is a Trustee of The Gardens Trust, a national campaigning body for the protection and support of our historic parks and gardens and designed landscapes. He is co-chair of their Education and Events committee. The morning will be divided into two sessions of about an hour each with a short break in between. The first lecture looks at when and how the interest in gardening began, and the second explores where the plants in our gardens came from originally. There will be a chance to ask questions following the session.

Part 2 of this event is on Friday, 21st May
