The Korean War - Rear Admiral Dr Chris Parry CBE PhD

Monday 10th June at 10.30 a.m. on Zoom

We are delighted to welcome once again this talented speaker who gave us such an illuminating talk on the Falklands War last November.

Dr Chris Parry will outline the geo-strategic background to the Korean War (1950 - 1953), the reasons for British involvement and the scale of the British military contribution. He will review the lessons from the war and the difficulties of operating as a junior partner in a US-led coalition.

He will also describe how the war was reported in Britain, the effects of the intervention on political attitudes and its influence on subsequent events. In doing so, he will show how echoes from the war persist right up to the present day and into the future.

As well as being a military historian, Chris is also an author and broadcaster. His latest book is entitled "Super Highway: Sea Power in the 21st Century".

The cost for the talk is £ 2 per device. Please book electronically by clicking on the TICKETSOURCE icon immediately below the event on www.u3atvnetwork.org.uk.
